AMY A. FARNSWORTH,
JOHN V. DYER,
PERLEY H. CRANE,
School Board.

Washington, January 22, 1945.

REPORT OF SUPERINTENDENT OF SCHOOLS WASHINGTON

To the School Board and Citizens of Washington:

I hereby submit my third annual report as Superintendent of Schools.

Organization

School Board: Amy Farnsworth, Chairman; John V. Dyer; Perley H. Crane.

Superintendent of Schools: Howard F. Mason, Hillsboro, N. H.

School Nurse: Margaret Harris, R. N., Keene, N. H.

Teacher: Louise Murdough at the Dole School for a salary of \$1,150.00. She is a certified teacher.

Katherine Shea is Music Supervisor at a salary of \$200.00.

Pupil Data

The following pupils were graduated from the eighth grade of the Dole School in June 1944: Robert Crane and Daniel Strickland.

The following pupils maintained perfect attendance during the school year 1943-44 for the number of terms indicated: Full year, Donald Crane, Jean Crane, Sally Woodrow; three terms, Robert Crane; two terms, Sidney Blanchard, Mildred Crane, Harry Drew, Theodore Drew, Charlene Fletcher, Lila Woodrow; one term, Daniel Strickland.

When the Dole School opened in September there were 17 pupils. Since then 2 have left so that the present enrollment is 15. Of these 15, Windsor sends 5 as tuition pupils and 10 are from Washington.

General Report

Much the same conditions and situation prevail as did last year. The enrollment is two pupils less than last year. Washington and Windsor both sending one less pupil. Because of the fact that only ten elementary pupils were available in Washington it was deemed advisable to continue with the temporary closing of the Center School and have all the pupils go to the Dole School.

Four pupils from the Center Area and one from East Washington are transported to the Dole School by Mrs. Drew. The other six pupils live in the Dole School area.

It has been our good fortune to have Mrs. Murdough agree to continue with her work as teacher in the Dole School. Few people realize the sacrifice this means, in these war days, to try to run a house and teach school at the same time. As was true last year, the pupils have a neat, well supplied room, where an atmosphere of interest and industry pervades everyone.

The pupils have increased their participation in things which help to win the war. Besides buying war stamps regularly they have collected scrap paper and picked large quantities of milk weed pods.

The graduation last June was very well done. The results justified the long hours of work and preparation that teacher and pupils had put into it. A large and appreciative audience was in attendance.

It is planned to have the vacation schedule follow fairly closely the abbreviated one at Hillsboro until

maple syrup time when there will be a vacation of a week or ten days. This probably will coincide with "mud time" when the traveling would be difficult for the school bus.

Again it has been a pleasure to work for Washington and I wish to extend my sincere appreciation to the School Board and Teacher for their efforts in assisting me to maintain a good school in Washington.

Respectfully submitted,

HOWARD F. MASON,
Superintendent.

ANOTHER ENEMY TO CONQUER

Here is a home front fight that everyone can get into. Last year in this state 558 brush and forest fires burned over 4,648 acres of land, of which 2,788 acres were valuable timber and young growth. With available manpower the lowest of any year since the war started, you can help keep this loss down by preventing these fires from starting.

Keep in mind these simple rules:

1. Always get a permit from your forest fire warden before starting any fires in the open. Burning under certain conditions is permitted.

2. Never burn unless you have enough help to control your fire—a permit does not excuse you of negligence in case it gets away.

3. Always report any uncontrolled fire promptly to your forest fire warden. Minutes lost are acres lost.

4. Be especially careful with cigarettes, matches and pipes. Smokers caused most of our fires.

5. Never leave a fire unless it is dead out. You can't feel safe while there is a spark left.
